ToTCOOP+i TECH

ABOUT THE PROJECT

Project Technology for the Training innovation in the European Agri-food Cooperatives of the digital era (ToTCOOP+i TECH).

Project is a strategic partnership for innovating the training of trainers of the European Agri-food cooperatives.

SPECIFIC OBJECTIVES

To strengthen and adapt to digital era the pedagogical, methodical and procedural capabilities of the trainers of associations of agri-food cooperative and organisations that offer training and consulting services to the agri-food Cooperative

PROJECT PARTNERS

IRELAND - Irish Co-operative Organisation Society

SPAIN - AGACA Galician Association of Rural Cooperatives

SWEDEN - Changemaker AB

POLAND - Association For Social Cooperatives

LATVIA - Latvian Rural Advisory and Training Centre

ITALY - Grifomultimedia, S.r.l.

SPAIN - MedAtlantia Consultoría Europea, S. Coop.Galega

GENERAL OBJECTIVES

- 1.To transform the current offer of Continuing Vocational Training in the cooperative sector at EU level into exceptional training based on the use of technology and in the new models of the digital era.
- 2.To strengthen the capabilities of Business Administration of the Board of Directors Members from agri-food cooperatives, through their direct involvement in the training process.

NEWS FROM THE PROJECT

1st Meeting of partners

The first meeting of partners took place in Dublin. During the meeting, we discussed the stages of the project, updated the action plan and implementation of the project assumptions for the next few months. The first effects of our activities are coming soon!

Handbook of Best Practices

Our project team is currently working on the creation of *Handbook of Best Practices in Learning Innovation*. Soon we will present to you a study full of inspiring examples for the use
